## **FOR IMMEDIATE RELEASE**

### **Urban Conservatives of America Announces DALLAS/FORT WORTH CHAPTER**

Dallas, TX - Houston-based [Urban Conservatives of America](http://ucamerica.org) (UCA) has established a new Chapter in Dallas, Texas.

The 501c(3) non-profit organization, committed to restoring, promoting, and protecting America's traditional values of God, family, and country in American Urban Communities, has chosen Dallas and its surrounding suburbs as the next area to expand awareness of their movement and mission.

Founded in Houston, Texas in 2019 by Jonathan McCullough, Sr. and Shawn Scott, it was a heavy burden for the state of Black America that led to the formation of UCA. UCA believes that the systematic oppression and conditioning of Black Americans by failed Democrat policies has left once strong, intact families and thriving communities in a state of poverty and despair.

The grassroots initiative is comprised of relatable, Christian Conservatives from urban areas that will go out into their respective communities to meet, engage, and educate. UCA's hope is to recover and revitalize our once beautiful cities that have been wrecked with liberal ideologies.

*Shawn Scott, Co-founder and CFO, shared, "A deep desire to free the minds and uplift those in urban areas that have been miseducated, uninformed, and marginalized, led me to come alongside our founder, Jonathan, to ignite the vision, mission, and movement of UCA. In the Dallas and surrounding areas, we see the significant adverse effect that disastrous false narratives and liberal policies have had on a historically very Conservative community; we will take full advantage of the great need and opportunity to liberate those in the Dallas and surrounding areas, turning our convictions into action."*

UCA's team of regular and part-time volunteers is dedicated to teaching conservative principles they believe will help improve the quality of life for all Americans. They plan to serve in the Dallas area alongside other nonprofits, businesses, and like-minded organizations, to reach urban areas with messages of hope, independence, and an encouraging future.

UCA is eager to obtain additional like-minded volunteers who possess skills, talents, and passion that can help UCA fulfill their mission.

Jermaine Mayfield, Director of Urban Engagement in Dallas shares, *"I am honored to be a part of a movement that liberates the minds from the policies and principles that I was once bound by. We were not saved to be silent; we must all do our part to defend and save this nation."*

Urban Conservatives of America looks forward to establishing their presence in North Texas through relationships formed, partnerships earned, and opportunities to serve.

Jonathan McCullough Sr, Founder of Urban Conservatives of America conveys, *"Unless the mind is liberated, freedom is just an illusion; it's our hope that UCA becomes a lifeline to those searching for encouragement, hope, and ultimately, a brighter future for our country. As it says in Psalm 33:12, "Blessed is the Nation whose God is the Lord; And the people whom He hath chosen for His own inheritance."*

**About Urban Conservatives of America (UCA):** UCA is a faith-based non-profit organization committed to restoring, promoting, and protecting America's traditional values of God, family, and country in American Urban Communities. Founded in 2019 in Houston, Texas, a heavy burden for the systematic oppression and conditioning of Black Americans by failed Democrat policies led to the formation of UCA. The organization regards the urban community as a mission field and will, therefore, go out to do the work of the ministry, engaging and reeducating the urban community, for there is no freedom without truth.
